4.0 Affiliations and Agreements

The Ogburn School, Inc. maintains the following considerations, communications, and agreements:

4.1 Florida Virtual Learning School

4.2 Any state or district documentation if the school is able to assist the parent. There are fees associated with this request.

4.3 Documentation for students participating in independent study activities and/or community service.

5.0 Credit Transfer and Student Classification

Credits are considered for transfer on the following terms:

5.1 Presented on an official transcript from an accredited institution.

5.2 Documentation of home education courses where grades were assigned from a certified teacher or from a school district home education office.

5.3 Performance assessment that meets The Ogburn School criteria.

5.4 Transcripts received from another accredited institution, primary, secondary, or post-secondary.

5.5 Credit for School Community Volunteer Service will be transferred as a “C” if a NG is posted on previous transcripts.

5.6 Other courses noted as Pass or Fail without a letter grade of A, B, C, or D will not be transferred unless transferring school supplies a mastery score that correlates with the grading scale for the receiving school.

5.7 Due to variance in academic standards, core academic courses may be transferred with one (1.0) full credit earned. Half-credits in core academic courses may be transferred as elective credits. Students must complete the one (1.0) credit course with The Ogburn School.

5.8 Honors, Advanced Placement, Pre-IB, and Dual Enrollment courses are transferred according to a 4.0 grading scale without weighting.

5.9 Transfer of Credits with an Official Transcript:

5.9a Courses/Credits from the previous school shall be honored when submitted on an official transcript. Home school transcripts must be notarized.

5.9b Official transcripts are official documents on school letterhead and/or embossed with the school seal. It shall be sent electronically or by mail and include the signature of a school administrator of the school where the credit was earned.

5.9c Transcripts must clearly identify the school and contact information, the student, the course, date the course was taken, credit earned, and grade in each course.

5.9d Official transcripts may be hand delivered if it is in a sealed and embossed envelope.

5.9e Home school parents are responsible, as the school administrator, to provide to the school a transcript which provides the information noted above. The parent may type or hand-write this information, sign, and date. In order for homeschool transcripts to be accepted for course transfer, documentation must be provided that establishes the student as a registered homeschool student (e.g., previous IHIP, local district documents, etc.)

5.10 Foreign transcripts:

5.10a A student transferring from a country other than the US and providing academic records indicating that the student completed a course with a passing grade should receive that credit/ grade.

5.10b A student transferring from a foreign country and having studied his/her native language in the equivalent grades of middle or high school, should receive credit for each year of this language study as M/J Language Arts 1, 2, 3 or an equivalent high school course(s). For example, if a student transfers from

Italy and took three years of Italian in middle grades, then the student should receive credit for M/J Language Arts 1, 2, and/or 3.

5.10c If a transcript shows that the student successfully completed an English course in his/her country, credit will be given for world language.

5.11 Transfer of Credits without an Official Transcript: Students transferring into The Ogburn School will be placed on a probationary basis according to age. Successful completion of the assignments will determine the final placement.

5.12 Transfer of Credits from Non-Accredited Schools: A student transferring to The Ogburn School from a non-accredited school will be enrolled provisionally and must pass all course work the first academic year at The Ogburn School to receive credit for previous work. If all grades are not satisfactory or passing, the academic committee will conduct a subject-by-subject review of the student's record and of his/her performance at The Ogburn School.

5.13 Classification of students is based on the number of regular academic credits earned. A student would normally earn 5 credits per academic year (excluding summer school). The total number of credits earned by a student at the beginning of the academic year determines the grade level placement/classification for that year. The earned credits must reflect the academic core credits required in addition to any elective credits earned. Grade level classification is:

Grade 09: 1-5 earned credits

Grade 10: 6-10 earned credits

Grade 11: 11-15 earned credits

Grade 12: 16+ earned credits:

5.14 Promotion from one grade classification to another is based on the earned credits in the academic core courses, a 2.0 GPA in the current courses, and required yearly assessment.

5.15 A student should complete graduation requirements within four years of enrollment. In the event that additional time is required the academic committee will review the student's progress.

5.16 A student may accelerate and complete graduation requirements in a shorter period of time. The minimum enrollment period for a full-time student to complete all courses and promote to the next grade level is sixteen (16) weeks. The minimum age to earn a high school diploma is 15 years.

5.17 Tuition is based on a 10-month (full grade level) or 5 month (semester) period, or completion of five (5) academic courses for full grade level, or three (3) courses for semester, whichever comes first. If a student accelerates his course work and requests promotion before the end of the enrollment period, tuition is due for the

current academic year before the student is promoted and a new course schedule is posted.

5.18 For students who accelerate and complete their current courses before the 10-month enrollment period and transfer to another school, the tuition must be paid in full before transcripts will be released.

5.19 For students who do not complete their coursework within the 10 month enrollment period, an extension may be purchased by contacting the enrollment department. Extensions must be purchased prior to the enrollment expiration date.

5.20 Students must complete the current grade level before renewing their enrollment.

5.21 A 14 calendar day trial period is provided for each student to determine if the program meets their needs. If a student withdraws within the 14 calendar day period a refund of tuition is given, minus the enrollment fees and any fees paid for additional documentation provided to the student. The trial period starts on the date of enrollment.

5.22 The 14 calendar day trial period is reciprocal. If The Ogburn School determines that the program does not meet the student needs the school may terminate the enrollment. The school will refund tuition paid minus enrollment fees and any fees paid for additional documentation provided to the student. This trial period is 14 days from the date of enrollment, not the date of first access.

5.23 Students who withdraw from the school are not eligible for re-enrollment.

6.0 Grading Scale and Grading Policies

6.1 The grading scale is as follows:

B = 80-89

- 6.6 The Ogburn School does not weight grades or maintain a system of ranking students/graduates.
- 6.7 Students are allowed to submit any assignment twice except for final exams, final projects, final review, or final lesson, to demonstrate content mastery and earn the highest grade possible. Students must resubmit the entire lesson, not just the corrected portion. Once all lessons are submitted the course will close and the student no longer has access to the course. Therefore, do not submit the last lesson until you have reviewed your submissions.
- 6.8 Students are limited to two (2) submissions for each assignment. The system locks and no further submissions are accepted.

Any submission that is resubmitted to attempt a higher grade must be submitted within 30 days of the first submission.

Live Session submissions must be submitted within 7 days of the session, and a resubmission must be received within 7 days of the first submission grading.

- 6.9 If a student does not complete within the enrollment period no grades or credits will be issued. An extension may be granted but must be requested in writing prior to the enrollment expiration date and monthly fees will apply.
- 6.10 Parents/students may view their current grades and course credit history at any time through their online account during their active enrollment period. Once the enrollment period has expired, grades are no longer accessible.

7.0 Delivery of instructional content, grades, and transcripts

7.1 Web site login information is generated within 48 hours after enrollment, excluding holidays, weekends, inclement weather, or events beyond our control. A 'Welcome' email with the student's login information is sent to the email on file. If the email is not received within 48 hours of enrollment please check your Spam folder. If you cannot locate the email please email info@ogburn.org

7.2 Verification of enrollment will not be released until the parent and student complete the Orientation course which should be completed before beginning coursework. Orientation includes information on parent and student responsibilities while enrolled in The Ogburn School, such as Live Session attendance, plagiarism policies, etc. Orientation also includes the link to required school enrollment documents. These documents include the official enrollment agreement, the proctor statement, and review and acceptance of the school policies and procedures.

7.3 No documents will be released or provided to the parent or student until the online enrollment agreement and proctor statement are submitted to the school. This includes, but is not limited to, IHIP preparation, driver's license forms, attendance verification forms, verification of enrollment form, or transcript request to former schools.

7.4 Report cards are not provided. No transcripts are provided via email or postal mail. Parents/students are able to view student progress through their online account at any time during their active enrollment period. Parents and students must view and print grades and unofficial transcripts online before their expiration date. Once the enrollment period has expired students will not have online access to their grades or unofficial transcript. Students must then order official transcripts through the electronic transcript service used by the school. Students must create a free account, make the transcript request, and pay the nominal fee for any requested document. The request is then submitted for approval to Ogburn administrative office. Students who have outstanding tuition payments due will not receive transcripts. Students who cancel enrollment before completion of the program will not receive transcripts from The Ogburn School and must request their transcripts from the last school previous to enrollment at Ogburn.

7.5 The Ogburn School accepts no responsibility for complications in transit that are beyond our control.

7.6 The Ogburn School suggests students make copies of all materials sent in case of technology failure or loss in transit.

7.7 Only Ogburn School transcripts are provided to institutions for students who do not graduate from The Ogburn School. If a student wishes to obtain a transcript from a previous school the student must contact that school.

7.8 Students will be notified through written communication when they meet the criteria for graduation. Oral communication should be considered unofficial.

7.9 Students who withdraw from the school must submit an official withdrawal form signed by the primary contact for the student. This form can be downloaded from www.ogburn.org located in the document download section of the home page. The form may be submitted via an email attachment, fax or postal mail. Until the official withdrawal form is submitted with the signature of the primary contact, the student will not be officially withdrawn. **A student may not be officially withdrawn via a phone call or a statement through email without the withdrawal form attached.** Tuition payments will continue until the official withdrawal process is complete. Failure to follow this procedure may result in a delay in processing the withdrawal.

8.0 Academic Programs

8.2 Academic advising is designed to assist students and parents in planning each student's course of study.

8.3a A student's course of study is planned by the school to meet Florida promotion and/or graduation requirements.

8.3b The registrar or the advisor may correct a sequence of courses chosen by the parent or student.

8.3c The registrar and/or the advisor may contact students or parents to discuss transcripts, course of study and other necessary information. This contact may be through the Message Center or email.

8.3 Academic programs may be adjusted to the individual needs of the student. One example given is if a university requires courses outside of our progression plan, such as five science credits instead of four required by Ogburn School. Students may not be enrolled in two courses within a content area concurrently.

8.4 Parents/students are responsible for researching the academic program needed for their college plans and communicating any needed changes to the student's course of study to the registrar.

This form must be submitted and approved prior to beginning the independent study activity. A journal or log must be kept, signed by an approved proctor, and submitted before credit is awarded.

8.6 Courses are assigned according to the grade level information provided by the parent or student upon enrollment. This is subject to verification by an official transcript. The course of study may change dependent on the official transcript.

8.7 No course changes will be made after 30 days of enrollment except for those deemed necessary by the registrar.

8.8 Recovery credit: Courses that a student has taken and passed may not be taken for additional credit but may be retaken to increase the grade. All grades are posted on the Ogburn School transcript and calculated in the GPA.

8.9 Honors, World Language, Environmental Science Focus, and Enhanced Elective courses require an additional tuition fee. Email info@ogburn.org for current tuition pricing.

8.10 All graduates are assessed a \$100.00 graduation fee. The graduation fee is payable prior to receipt of diploma and transcripts.
